2016 Jim Didlake

July Wedding Anniversaries

7/4 David & Rhonda Haynes, Lake Drive
7/7 Shane & Alison Johnston, Ogen
7/20 Mark & Vicki McCullough, Bethel

WMU Minute by Sandra Young, TVBA WMU Dir.

I hope everyone that has had VBS thus far, enjoyed the time with the children and the impact that you were able to make on each life (even the impact they made on your life). We also hope and pray that some of you will have some backyard Bible clubs as well, so that you continue to reach out to the children that surround your mission field. Mission opportunities always surround you, even if it is talking to a neighbor. So what mission opportunity will you take on? Mission education is vital for our membership, so they understand how far Southern Baptist reaches out to the world and in the many facets that they are involved in. It helps them understand the importance of Lottie Moon and Annie Armstrong. If you need someone to talk to your WMU groups, I understand one of the house mothers or house parents from the Chattanooga campus are willing to come and speak to your group on Sunday or Wednesday night. You can reach them through the Cummings at 423-510-0962.

TN Baptist Children's tmbaptisthomes.org needs:

- Peanut Butter & Jelly
 - Canned Ravioli
 - Cereal (no Oatmeal, they have plenty of it currently)
 - Pop tarts & Granola Bars
- Things that are easy to make to give to the kids since they have 3 meals to make during the summer.

Joseph Leech is a Missionary Kid, a sophomore at Union University. You may send gifts & encouragement to:

	423- 332-4034 (h)

Please let TVBA publish your upcoming events so we may encourage and support each other as part of His Kingdom especially your plans for this summer including VBS and Backyard Kids Club. TVBA Minute Books are available at the association.

We still need someone to agree to be our associational VBS Director for next year. Maybe that someone is you.

Remember prayerfully Mount Vernon, and Pilgrim’s Rest churches as they continue to seek a pastor.

As I write this Minute lightning bugs have begun showing up at the Young place in Sale Creek. The process of their light shining is actually quite complicated. Three chemicals in their cells combine with oxygen and produce a glow that turns it into a delightful little flash light. Different species of lightning bugs have different flash fingerprints with carefully timed and numbered pulses of light and flying patterns. One specie in South America even has a green light. There are only two places in the world where lightning bugs flash in unison, Southeast Asia and Tennessee. No one knows why or why lightning bugs don’t live west of the Rocky Mountains. I do not know either but I know that the good Lord created them that way and not a process of evolution. God has given each of us light to shine in the world on his behalf. As a child I chased and caught lightning bugs, placed them in a Mason jar with holes in the lid, and placed them on my bedside table as an instant night light. I would release them the next day and then repeat the process. I was very disappointed when the Air Force transferred Dad to Spokane, Washington and there were no lightning bugs there in the Summer. Wouldn’t it be a sad world if our lights did not shine for our Lord. As a child I learned the song about this little light of mine. I am still determined to let mine shine are you?
